

Johnson Sweeps California by Old Time Figures

Practically Complete Returns Give Him a Lead of Over 136,000 Over Hoover

Irreconcilable Opponent of League of Nations Secures Splendid Home Endorsement

(By United Press)
San Francisco, Calif., May 5.—California wants Senator Hiram Johnson for president.

Incomplete but indicative returns from every county in the state from yesterday's primary election gave Johnson a handsome majority over Hoover.

Returns from 5,096 out of 5,729 precincts gave Johnson a lead of 136,945. The vote was: Johnson, 293,835; Hoover 156,890 in these precincts.

Voters did not scratch in ballots and Johnson will have California's twenty-six delegates complete at the Chicago convention.

Johnson carried the northern cities by an overwhelming lead, piling up some majorities of two, three and even four to one.

Hoover apparently carried Los Angeles by a small majority. Johnson invaded Hoover's own county of Santa Clara and carried it, according to incomplete returns.

In 174 out of 192 Santa Clara county precincts the vote was: Johnson 10,896 and Hoover 5,311.

Governor Cox Given Kentucky Endorsement

(By United Press)

Louisville, Ky., May 5.—Governor James M. Cox of Ohio will have the support of Kentucky's twenty-six delegates to the democratic national convention at San Francisco. The state convention meeting here voted just before adjournment early today to send the entire delegation to the coast pledged to the Ohio governor.

Fight to Control Michigan Delegates

(By United Press)

Kalamazoo, Mich., May 5.—The fight for control of the Michigan delegation to the republican national convention was opened at the G. O. P. state convention here today by forces supporting the candidacy of Hiram Johnson.

Johnson's leaders charged that the "old guard" was plotting to torpedo the Johnson boom by electing a pro-Wood delegation with a "half hearted" instruction to vote for Johnson on the face of a few ballots.

French Government Orders Arrest of Strike Leaders

(By United Press)

Paris, May 5.—Arrest of prominent leaders in the general strike of railroad, truck and coal mine workers was scheduled for today. The government was understood to have issued more than 40,000 warrants. The government claims only a minority of the miners had quit work.

School Teachers Go on Strike

(By United Press)

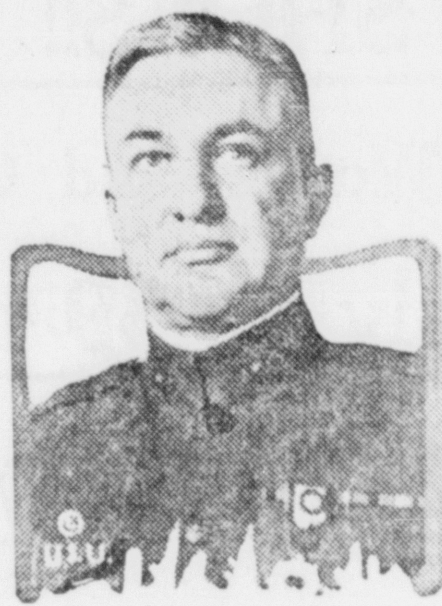

Cincinnati, Ohio May 5.—3500 school children at Newport, Ky., across the river from Cincinnati, went on a forced vacation today when thirty-three school teachers here went on strike. They are demanding an increase of \$300 a year. The present maximum wage is \$96.25 a month.

Anti Packers Legislation Predicted

(By United Press)

Washington, May 5.—Packer legislation "with teeth in it" will be passed by this session of congress, Representative Anderson of Minnesota, one of the authors of a bill to regulate packing industries, predicted today.

WILLIAM L. REDIES

The emperor of Japan has conferred a medal of the Order of the Rising Sun on Lieut. Col. William L. Redies of the United States marine corps.

General Wood Carries Indiana

With Over Half of Precincts in State Reporting Leads Johnson Over 6,000

(By United Press)

Indianapolis, Ind., May 5.—Unofficial returns in the Indiana presidential preference primaries today given in 2,140 precincts out of a total of 3,387 are: Wood 56,810, Johnson 52,016, Lowden 24,852, Harding 13,428.

Indianapolis, Ind., May 5.—Returns from 1,815 of Indiana's 3,387 precincts today indicate Major General Leonard Wood received a plurality of 6,000 in yesterday's primary election. These precincts gave Wood 45,491, Senator Johnson 38,865, Governor Lowden 20,808, Senator Harding 12,018. Some industrial centers believed to be a stronghold for Johnson had not reported, and it was expected returns from these places would reduce Gen. Wood's lead. Wood has apparently carried Indianapolis and Marion county.

Warren McCray has apparently captured the republican race for the nomination for governor.

McCulloch was leading for the democratic nomination.

The democrats did not figure in the presidential primaries.

St. Paul Cooks and Waiters Strike

(By United Press)

St. Paul, May 5.—More than fifty lunch rooms, restaurants and cafes were in inexperienced hands today. Cooks and waiters walked out at six o'clock this morning demanding higher pay, an eight hour day, three meals a day and \$1 an hour for overtime. Restaurant and hotel keepers are determined to fight the strike. Some of the leading eating houses have signed up however, with the union's demand and weathered the crisis. Minneapolis cooks and some waiters struck last Saturday.

Prominent Persian Official Marries California Girl

The marriage of Juanita Storch, of Oakland, Cal., to Mirza Ahmad Sobrab, former secretary of the Persian Legation, was recently celebrated with Persian ceremonies in the presence of delegates representing fifty Bahai assemblies from all parts of the world.

Mayor Hodgson is Re-Elected as Mayor of St. Paul

In a Hot Contest in Which the Largest Vote Ever Cast in the City was Brought Out

Police Commissioner McColl was Defeated—City Council was Overturned

St. Paul, May 5.—Mayor Lawrence C. Hodgson was re-elected mayor of St. Paul after one of the most bitter political campaigns in the city. Unofficial returns with the exception of two precincts which can not be tabulated until the official count, show that Hodgson's majority was 2,482 over Wm. Mahoney, labor candidate. The vote was: Hodgson 21,532, Mahoney 19,050.

With the exception of J. M. Clancy an entire new city council was elected. Clancy, head of the labor council ticket, led the field of twelve with 25,945 votes. Other laborites were: H. Wenzel and C. A. Smith. Three former service men were elected on the council. They were: Chaplain L. R. S. Ferguson, J. H. McDonald, and I. W. Matsen. Commissioner H. McColl, head of the police department ran tenth in the field of twelve. His defeat probably means a complete reorganization of the police department and the resignation of the chief of police, J. J. O'Connor. The ordinance giving the city council power to fix street car fares on basis of service rendered was adopted, although P. L. Power, commissioner, who framed the measure, was ousted by the organization. The charter amendment providing for an eight hour day for police was probably defeated, as was the amendment giving the council power to fix salaries of certain city officials.

St. Paul, May 5.—Mayor Lawrence C. Hodgson was re-elected mayor in yesterday's city election over Wm. Mahoney, labor candidate. Hodgson's majority was 2,715 with two minor precincts missing. More than 40,000 votes were cast—a record for any election in St. Paul.

Practically complete returns overturned all of the city council. Three former service men and three labor candidates apparently had been elected.

Henry McColl, police commissioner, on whom a bitter fight was made, ran tenth in a field of twelve. Police Chief J. J. O'Connor is expected to resign as a result of McColl's defeat.

Wood Reuses

New York, May 5.—Major General Leonard Wood intimated this afternoon that he would refuse to decide the controversy between Col. Wm. G. Proctor and Frank Hitchcock, over control of his campaign organization. "So far as I know they will continue to function in the present capacity," he said.

MAJ. ALBERT SMITH

Maj. Albert Smith, United States army aviator, who has established a one-day flight record by piloting a De Havilland plane from Camp Lewis, Tacoma, Wash., to Rockwell field, San Diego, Cal., in 11 hours 19 minutes of flying time.

NORTHERN PACIFIC RAILROAD BUYS 71 NEW LOCOMOTIVES

At a Cost of Five Million Dollars the N. P. Brings Its Equipment to a Pre-War Basis

(By United Press)

St. Paul, May 5.—The Northern Pacific has ordered seventy-one locomotives from the American Locomotive company of New York, which places it foremost among railroads of the northwest in bringing their equipments up to pre-war standard. The locomotives will cost about \$5,000,000.

CAR SHORTAGE KEEPS GRAIN OFF MARKET

And Keeps Up Prices of Food, Representatives of Farmers Grain Associations Testified

(United Press)

Washington, May 5.—The government interstate commerce committee today began investigation of the car shortage which is said to be delaying shipment of grain and other food stuffs from the middle west. Grain dealers and representatives of the farmers associations in Minnesota, North and South Dakota, Iowa, Nebraska, Kansas and Missouri were asked to appear to give figures as to the losses resulting from the shortage.

Washington, May 5.—Vast stores of wheat and other grain are being kept off the market by a box car shortage amounting to seventy per cent in some localities, representatives of the middle west grain dealers and farmers association told the house interstate commerce committee today.

Price of food stuffs will remain high until cars are obtained to move the stock it was said. All of the stocks are last year's crop and delay is a serious hindrance to the farmers, grain dealers and bankers. The representatives asked that congress authorize additional loans to the railroads to provide more cars for next year.

An Apt Illustration.
A teacher was quoting wise saws and getting their opinion on them. She said: "A discreet man is better than the truth spoken without charity." Can any boy give practical interpretation of that maxim? Somewhat to her consternation, a freckle-faced lad made this homely application: "If you see a cockroach on the table, don't say anything about it."—From the Outlook.

Danger in Overweight.
Overweight, within ten pounds, under thirty years of age is considered a favorable sign and indicates resistance against tuberculosis. After thirty years it is an unfavorable sign, signifying over-eating, auto intoxication and danger of hardening of the arteries, apoplexy, heart failure, and Bright's disease.

Senators Are Considering The Peace Resolution

Senator Knox Will Deliver a Speech on the Resolution—Democrats Will Not Obstruct

(By United Press)

Washington, May 5.—The senate today took up the Knox peace resolution, but the certainty that President Wilson will veto it caused interest in the formal debate to lag.

Senator Knox's speech was expected to be a comprehensive reply to the democrats' criticism of the republican plan for declaring peace by resolution.

Knox had spent much time on his speech and party leaders expect to use it extensively as a campaign document. Democrats are putting no obstacles in the way of the peace resolution and probably will take little part in the debate, Senator Underwood, democratic leader, said today.

Senator Knox's Speech

Washington, May 5.—Declaring that President Wilson prefers "to keep the country in an alleged state of war rather than abate one jot of the title of the full measure his isolated will has set for the nation," Senator Knox of Pennsylvania, today opened debate in the senate on the peace resolution.

"The welfare and safety of the nation is imperiled. The whole world is seething with revolution. Our own nation is in ferment and turmoil. Force and strife are rampant and threatens the destruction, not only of property, but our free institutions, and even our very lives. We have stood for months as a rudderless ship foundered in the trough of the seas. We must not dare longer to delay a return to the government of order and peace. We must not hazard a further postponement in turning our undivided deliberations to home problems which are great enough to tax the utmost wisdom we possess."

Special Session Called of Wisconsin Legislature

Regulation of Rentals and Legislation to Combat High Costs will be Considered

(United Press)

Madison, Wis., May 5.—Gov. E. L. Phillips announced today that a special session of the legislature will open Tuesday May 18. The call is to be issued tomorrow.

It is believed that regulation of the cost of rentals, higher pay for school teachers and means of reducing the cost of living will be included in the call.

Cornelius Vanderbilt, Jr., and His Bride

Cornelius Vanderbilt, Jr., and his bride, formerly Miss Rachel Littleton. The recent wedding of Cornelius Vanderbilt, Jr., and Miss Rachel Littleton, celebrated in New York was one of the most fashionable weddings of the season. Young Mr. Vanderbilt has been working for some time as a reporter on a New York newspaper.

EDWARD L. DOHERTY

The "oil king," who is today the largest oil producer.

County Conventions Throughout the State

To Elect Delegates to Republican Elimination Convention for State Officers

(By United Press)

St. Paul, May 5.—Republicans in every county of the state were caucusing on a state ticket today.

The county conventions will send 1,191 delegates to a state convention here Saturday, when an effort will be made to mold all republican forces around one ticket.

More than a dozen candidates have complicated the situation so that an elimination contest was decided upon.

The county conventions are expected to discuss the situation today but a majority will send uninstructed delegates to the state convention.

New Board of Control Member Appointed

(By United Press)

St. Paul, May 5.—Former State Senator P. A. Hilbert of Melrose, was named as a successor to Charles Vasaly on the state board of control. Hilbert is a democrat. Mr. Vasaly will retire soon to begin his duties as superintendent of the St. Cloud reformatory.

Electrical Workers Strike

(By United Press)

Schenectady, N. Y., May 5.—1800 men, members of the Electrical Workers union, employed by the General Electric company, walked out today. It was reported 3,699 more will quit. The men demand that the company either compel four men to pay dues to the union or discharge them.

Warships Sent to Key West for Mexican Service

May be Necessary to go to Mexican East Coast to Protect Endangered American Interests

Revolutionists Seem to be Getting the Upper Hand of Present Carranza Government

(By United Press)

Washington, May 5.—A division of destroyers has been ordered to proceed to Key West, Florida, to be held in readiness for possible instructions to go to the east coast of Mexico. Secretary Daniels announced this morning. The destroyers were scheduled to start this morning.

The move is precautionary, it was learned, and is being taken with the idea that it may be necessary to use the war craft to protect Americans endangered by the revolutionary development.

The force included in the squadron are, the Isherwood, the Case, Lardner, Putnam, Beale, Reid and the tender, Black Hawk.

Captain B. A. Langer of the Black Hawk, who is senior officer of the squadron, conferred with Daniels last night, and Admiral Bullard, chief of naval operations, was told to proceed to Key West with all possible speed, and hold the ships in readiness for further orders.

The Mexican Federal General has given Carranza until May 15 to step out of office, according to unofficial reports.

If these and other unofficial reports prove true Mexico soon will be in the midst of even a greater political confusion than now.

Carranza and the federal government forces now are completely shut off from communication with the outside world except by one telegraph line through Eagle Pass and Laredo, reports here stated.

General Gonzalez until recently, one of Carranza's staunchest supporters, has gone over to the revolutionists, according to reports by representatives of the Oregon movement. Gonzalez, according to the report, is in command of two regiments of infantry a short distance from Mexico City and has severed railroads to Vera Cruz. This railroad is the only outlet of the Mexican capital to the sea on the east.

Squadron Leaves for Key West

New York, May 5.—The squadron of United States destroyers ordered to southern waters to protect Americans in Mexico in case they are endangered by revolutionary development, left New York harbor at 2 p. m. today.

Oregon Massing Troops to Attack Mexico City

El Paso, May 5.—General Oregon today began massing followers at Guernavaca and Cantla for a vigorous campaign against Mexico City, revolutionary headquarters here declared today. Anticipating the attack, President Carranza has summoned three generals to the defense of the capital. They were enroute to Mexico City, according to reports reaching here.

Torreón Deserts Carranza

San Antonio, May 5.—Confessed disaffection of Torreón, chief city of the state of Coahuila from the Carranza regime was contained in a report here today.

Mexican Bandits Murder American

El Paso, Texas, May 3.—Mexican bandits near Eloro, state of Mexico, murdered Ralph Greenlaw, Monday, according to word received here today. Greenlaw was son of Francis Greenlaw, who with another son was murdered at Eloro, Monday by bandits.

Business Phones Increased in Price

(By United Press)

St. Paul, May 5.—Reduced telephone rates for residents and increased rates for business use were authorized today by the state railway and warehouse commission. The new schedule is to become effective May 15. Under this schedule the commission does not permit the proposed advance as submitted by both the Northwestern and Tri-State companies.

HOUSE CLEANING IS NO PROBLEM with the use of Wall Paper and Paint. I have workmen who will give you satisfactory jobs. C. C. Bowen, Tel. 982-W, 617 Main St., near the new water tower. 2761f

A free tuberculosis clinic will be given at the court house Saturday, May 8, from 11 a. m. to noon under the direction of Dr. W. L. Martick, superintendent of the Deedwood Sanatorium of Altin and Crow Wing counties. It is very desirous to have a good attendance as there are undoubtedly many suffering from tuberculosis that have not taken advantage of these free clinics.

EVERYBODY SMILES IN THE Spring. You can make your soiled, smoked-up rooms smile at visitors with our new Wall Paper. First class workmen to hang it. C. C. Bowen, Tel. 982-W near the new water tower. 2761f

The "Stars and Stripes" a newspaper of the veterans, by the veterans and for the veterans, published at Washington, D. C., in its May 1 issue calls attention to the bonus paid soldiers in Minnesota with the heading over a picture of a check entitled "You Get One of These, Soldier, If

You Live in the Right State". The check is for \$339 and made out to Chester A. Darling, of Minneapolis, former Brainerd boy who saw war service and is in the employ of "The Stars and Stripes". Corporal Darling had 22 months' service, most of it overseas. "He didn't really need the money," says the writup "because he is Northwest Manager of the Stars and Stripes, and, according to the esteemed business office, he must be a very wealthy man. But there is no record to show that he refused the bonus. And just to thing," says the editor of Stars and Stripes in conclusion, "the editor was born in Minnesota, but he moved away".

MEN "WALKED WITH DEATH"

Sailors on Mine-Sweeping Trawlers in Constant Peril of Sudden and Awful Disaster.

Imagine yourself trying to walk through a dense wood at midnight without a light, the penalty for touching a tree being death. That will give you some idea of the dangers that the men on mine-sweeping trawlers faced when their vessels were steaming through a freshly sown mine field.

The minesweepers were divided into groups, each of which was commanded by a naval officer. The vessels left harbor about daylight and steamed out to sweep for mines.

They worked in pairs abreast of each other. Between the vessels swung the sweep wire, sunk to the necessary depth in the water by means of towed kites—wooden arrangements acting on the same principle as ordinary air kites.

These wires can be regulated to travel to any depth beneath the surface. When mines are caught they are dragged to one side and destroyed by rifle fire. If the bullets hit the detonator the mine generally explodes at once; but, if, on the other hand, water enters the buoyancy chamber and floods it, the mine goes to the bottom like a stone and becomes innocuous.

As the trawlers themselves may draw as much as 12 feet of water, they may come into contact with a mine laid at or above that depth. If a mine sweeper is struck and the resultant explosion occurs forward in the bows, it may keep afloat and eventually be towed into harbor by one of her consorts. If the detonation took place amidships or in the stern, however, it was unlikely that the ship would survive, and the men in the engine room or boiler room would probably perish with the vessel.

He Could Not Stand Straight "I caught cold and it settled in my kidneys," writes J. C. Diamond, 2865 W. 36 St., Cleveland, O. "My back and sides were so lame and sore I could not stand straight. I use Foley Kidney Pills and am glad to testify to their helping power. "Good for stiff or swollen joints, rheumatic pains, H. P. Dunn. mwf

Little Money Saver Says:

Economy demands that in buying garden tools the future be looked to. Garden tools here are of the finest grade obtainable and cost but little, if any, more than the poorest. We stand behind them, absolutely. An exceptionally easy stock to choose from is on hand.

Chinese Adopt United States Idea. There are about 150 Chinese women and girls in New York city, a few of them students, but most of them wives, mothers and daughters of merchants and other business men. These women will some day carry back to China western ideas and methods, and especially the practices of American women. They are interesting themselves in everything that American women do. "We are hoping to learn of the best elements in American womanhood," says one of their leaders, "and at the same time to retain our ideals of Chinese civilization." This is a Chinese branch of the Y. W. C. A. that will train women in citizenship, American customs, organized recreation, physical exercise and all the usual lines of activity.

Children's Library for Madrid. The ministry of public instruction in Spain has instituted a special library for children in the building of the National library. The proposed library is to be open during the same hours as the National library itself, and it is to admit children under 14. Once it has begun to be operated, children under that age will not be permitted entrance into any other library of Madrid without a special permit specifying the books needed. Special funds have been provided for the library, which will specialize not only on juvenile books, but also reviews and papers that concern themselves with youngsters and their particular problems.

His Closing Schedule. She was at the back of the church and she was getting restless and anxious to leave. Baby was restless, so mother beckoned the usher to her. "Is the sermon nearly finished?" she whispered.

"No. Another half-hour yet," replied the usher. "He's only on his lastly."

"Will it take him that long to say his 'lastly'?" she asked anxiously.

"No, mum! There's 'one more word and I'm done,' and the 'lastly,' and the 'in conclusion' to come yet."

Sad Memories. Looking back at a long and eventful career in which we have said many foolish things, the words we regret most are those we uttered one day back in 1913 when we said: "No, I don't believe I'll take any today."—Home Sector.

Cut this Out—It is Worth Money. DON'T MISS THIS. Cut out this slip enclose with 5c to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Kidney and Tar Compound, for coughs, cold, and croup, Foley Kidney Pills and Foley Cathartic Tablets. H. P. Dunn

"SAFETY AND SERVICE"

"23" IS MYSTIC NUMBER OF ELKS

23 in the Class of Fawns to Receive
Elks' Antlers at Big Doings on
Evening May 6

LUNCHEON IS TO BE SERVED

New Stunts Which Will Prove At-
tractive to Members and En-
lightening to Candidates

"23" is a mystic number and will
prove doubly so Thursday evening,
May 6, when Brainerd Lodge of Elks,
No. 615, initiates a class of 23 can-
didates. New stunts have been pro-
vided which will prove most attrac-
tive to the old members and a source
of considerable enlightenment to the
candidates.

Fawn grass has been imported from
Florida and Elks milk from Califor-
nia. Antlers will be carefully set by
an additional degree team which
comes on the boards with the guaran-
tee that nothing will be missing. An
elaborate luncheon will be served.

The Elks have shown their appre-
ciation of the splendid services of lo-
cal talent in the way of cast and
choruses which made "Katcha-Koo"
such a success in the two nights' pre-
sentation at the New Park Theatre.
A complimentary dance is to be given
them and others assisting to make
"Katcha-Koo" a winner, the date be-
ing Friday evening, May 7, at the
Citizens State bank hall. Elks and
their families are also invited to the
dance. The Blue Ribbon orchestra
will play and dancing starts at 9
o'clock. It is free, as stated, to Elks
cast and choruses and others assist-
ing in the play and to Elks and their
families. The dance is entirely in-
formal. Wear anything you like, you
are welcome.

FISHING SEASON HAS OPENED

Fishing season has opened for all
hook and line fish except black bass
the season for which opens on June
15, and with the opening of the sea-
son comes information from Game
Warden A. P. Cardie regarding the
regulations governing fishing and
the limit number for a catch.

No one is allowed to use more than
one pole or one line at any one time.
The limit number of fish for a catch
is as follows: Pike, 15, must be at
least 14 inches long; pickerel, 25,
must be at least 14 inches long; crap-
ples, 25; perch, no limit; sunfish, 25
and rock bass, 25. The above list
number has reference to fish caught
by angling and Game Warden Cardie
states that this law must be obeyed
this season.

Carp, dogfish, redhorse, sheep-
heads, catfish, suckers, ell pouts, gar-
fish, bullheads, whitefish and buffalo
fish may be taken by spearing with
use of artificial lights on streams only
between April 26 and January 1. This
rule will be enforced to the limit,
and lights must not be used on lake
waters as has been done in the past
by many fishermen.

Hoop nets and wire traps of all
kinds are barred and every effort will
be made to prevent this method of
taking fish. Those caught will be
punished severely.

HERE'S PROOF

A Brainerd Citizen Tells of His
Experience

You have a right to doubt state-
ments of people living far away but
can you doubt Brainerd endorsement?
Read it:

A. B. Grewell, retired farmer, 466
S. Bluff Ave., says: "I am getting on
in years and my kidneys get out of
order now and then. The kidney se-
cretions change in quantity and color
and sometimes I have to get up four
or five times at night. I have dizzy
and fainting spells and a dull pain
through the center of my back. When
I feel these symptoms coming on, I
take Doan's Kidney Pills and they
bring me around in good shape."

Price 60c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mr. Grewell had. Foster-Milburn
Co., Mfrs., Buffalo, N. Y.

Murphy's "Store of Quality" Puts On
a Shoe Sale that Opens Brain-
erd People's Eyes

Murphy's "Store of Quality" has
staged a shoe sale that is an eye
opener to Brainerd people and is be-
ing liberally patronized. It has given
the High Cost of Living a regular
solar plexus bump.

There are shoes for women and
girls, all styles, colors and sizes, and
pumps galore all moderately priced at
figures "before the war". Such an
opportunity is not often presented
Brainerd patrons.

PINE RIVER IS CORDIAL HOST

Odd Fellows Entertained the Degree
Team of Unity Lodge of
Brainerd

SPLENDID DINNER WAS SERVED

At Spurrier Hotel—First and Second
Degrees are Exemplified
There

The Pine River Odd Fellows enter-
tained the degree team of Unity
Lodge No. 194 Brainerd, Monday
night at the Spurrier hotel. A splen-
did dinner was served after which
the first and second degrees were con-
ferred.

Pine River lodge has been very
fortunate in losing their hall by
fire last year, since then they have
been using the Mason's hall.

The following Brainerd Odd Fel-
lows drove to Pine River:

L. W. Sherlund, W. McComas, Jas.
Buley, J. C. Clausen, O. E. Black-
ledge, A. J. Giles, Lawrence McCul-
loch, L. O. Kelsven, Roy Sherlund,
Theo Miller, M. E. Morrison, St. Hall,
Geo. Fricker, Dr. C. A. Nelson, Dan
Kaskla, O. J. Bouma, A. J. Hayes,
Jack McCulloch.

RESOLUTION

Be it resolved by the City Council
of the City of Brainerd that the ad-
visers of the following appointive
officers of said City are hereby fixed at
the rate hereinafter set forth viz:
Chief of Police.....\$125.00 per month
Captain of Police \$115.00 per month
Patrolman.....\$110.00 per month
Fire Truck Drivers.....\$100 per month
City Nurse.....\$62.50 per month
This to be in effect from and after
May 1, 1930.

Adopted 3rd day of May, 1930.
(signed) J. H. STRICKLER,
President of the Council
Approved 4th day of May, 1930.
(signed) F. E. LITTLE,
Mayor.

Attest:
(signed) SEVERN SWANSON,
City Clerk.
Published 5th day of May, 1930.

NOTICE

Loyal Order of Moose, dancing, en-
ertainment, lunch and initiation.
Regular meeting Thursday, May 6
at 7:15 o'clock. Entertainment at
9 o'clock, dancing at 9:30. All mem-
bers are requested to be present.

H. R. WEIDEMANN, Secy.

FIRST UNION TO AID BASEBALL

The Brotherhood of All Railway
Employees as has ascertained, donated and
sent to the Dispatch 10 for the
Brainerd baseball club for 1930. The
gift comes as a welcome addition to
the fund.

Directors of the Brainerd Baseball
club meet at 7:30 this evening at the
small Trades & Labor hall, fourth
floor from Exchange building, at
which time reports will be made on
the progress of the campaign for funds
in the shops.

John J. Cammins, general manager
of the financial campaign, will then
appoint his assistants for the down
town drive. Cards are being freely
used by collectors and the response in
general is very good.

The whole board of directors should
attend the meeting tonight. There
are 19 including President F. E. Lit-
tle.

Temporary Playing Manager Fred
Cook has received letters from var-
ious aspirants for positions on the
Brainerd team and all want a defu-
nite answer. The engagement of high
class men all hinges on the amount
of money Brainerd can raise.

On Saturday, May 8, the shipment
of baseball suits and baseballs will
be here from Duluth and it's a C. O.
D. order.

On all sides towns are jumping
into the game and are after players.
Luverne has just raised \$3,000 for
its team. Crosby is already organ-
ized and in the field and plays the
Duluth Independents at Duluth Sun-
day, May 9, opening the baseball sea-
son in Duluth.

The council showed itself in ac-
cord with baseball enthusiasm in
Brainerd and has authorized up to
\$200 repairs to sewer, etc. at the ball
park in Koering field.

Get Rid of "Spring Fever"

If you lack energy—if you lack
"pep"—the chances are that your
bowels are sluggish. A Foley Cathar-
tic Tablet is a wholesome physic that
will rid you of biliousness, gas bloat-
ing, sick headache, sour stomach or
other ills that attend indigestion and
constipation. They invigorate the
liver. H. P. Dunn, mwf

The Young Spurn Advice.

One peculiar thing of life is that
when we grow old we cannot make
the younger generation take our advice on
matters of life. They say: "That may
have been all right when you were
young, but that was many years ago.
Times have changed since then." It
would be fine if we could have the
younger generation start where we
leave off instead of committing the
same foolish mistakes that we our-
selves have made, and yet it seems
that this cannot be.—Dean Shaller
Mathews.

One of Many Letters

Miss Rose Florke, 209 Hawkins
Ave., N. Braddock, Pa., writes: "I had
a cold in my chest and fearing it
would cause pneumonia I tried Fol-
ey's Honey and Tar and it was not
long till I felt relieved." Many such
letters have been written about this
time-tried, reliable family medicine.
H. P. Dunn, mwf

DRESS FOR THE LITTLE MISS

White crepe de chine and picot-
edged ribbon make this a charming
and dainty little dress for the small
girl.

DEMAND FOR LEGHORN HATS

Judging From Variety and Number
on Display, Old-Time Favorites
Will Hold Sway.

Leghorn hats will have a bigger
success during the coming summer
than they have ever enjoyed before.
Judging from the variety and number
of them to be seen in the wholesale
houses. The popular type of leghorn
for the new season promises to be the
large "shady" model with the sides
much wider than the front and back,
thus producing, for the first time in
this kind of hat, the irregularity of
brim that has been seen in some
others. The tops of the favored
models are usually completely cov-
ered, sometimes by a fine shadow veil
of Chantilly lace and sometimes by
frilly ribbon rows or wide bands of
celophane ribbon. Upper facings and
crowns of silk are stretched over the
leghorn frames, leaving the straw ex-
posed on the under brim.

Frilly Ruffles Prophesied.

Frilly ruffles are prophesied, and the
freshness of these girlish styles may
be kept dainty by pressing and laun-
dering that would kill the life and very
strength in silken things. Hem-
stitching is another revival for sum-
mertime frocks. Where is the woman
who does not at least remember doing
this work by the yard—longer ago
than she may care to admit?

For Little Girls.

This season sees a decided vogue
for washable crepe de chine dresses
for little girls, and chailis is also be-
ing accorded approval.

Here are only a few of the REASONS

why you

One Box of Paper

Few people depend on one box of paper to fill all writing requirements but one box of stationery selected from our newest stock of most modern styles and ideas can well occupy the place of honor on the desk or table and prove of superior appeal to those who receive it with its written messages. Come and see these newest and most distinctive papers. Individually you have always craved. Here you have it in the extreme.

Help wanted!

The men of America don't have to do the
washing—but if they did, they would be
as tired of needless laundry toil as Ameri-
can women are.

The Eden

substitutes electric-power for man- or woman-
power in the home. It substitutes science for
backache. It cleans everything—blankets, linens,
clothes—by dipping them up and down through
hot soda a countless number of times as gently
as a woman dips a bit of lace in a basin.

There's no rubbing with an Eden. It makes
everything wear enough longer to much more
than save its cost. It saves time,
labor, hard work and wages.

Try an Eden at home free

Ask us for free demon-
stration without obligation or
expense. If you want to
buy an Eden after trying
one—you can pay for it the
same easy time-payment
way that Liberty Bonds
were bought.

if they do not, it might be worth while to put in that extra working time, or speed up on the present time.

NATURAL FOR WORLD TO GO TO SLEEP

"The natural condition of the world is to go to sleep," says an editorial in the Chicago Automobile Journal.

Human beings constitute wealth—if they will function. They create and they consume, must do both.

Much stress is laid upon the creation of wealth. The good merchant knows that the consumer is his particular anxiety. The natural condition of the world is to go to sleep. In that state one does not consume. Salesmanship is the art of keeping people awake to things.

Napoleon said his main concern was to keep things awake or there would be nothing doing. He was afraid of forgetfulness and lethargy. The reason big stores live today is because they stir up people and they stir them up far and wide. Their magnificent stocks of goods would lie inert unless they did.

Commercially, the principal function of the human being is to consume. The spender is the commercial unit of wealth. The spender comes from far and wide—the earth must be combed for him, because he is the wide-awake one and represents unfortunately a small percentage of the whole. He is like copper ore in small pockets all over the world.

CLEAN-UP SUGGESTION FOR HOME AND CITY

Do not burn anything that can be converted into cash.

Bale waste paper. It is worth money. Old iron, metals, dishes, carved furniture, etc., all have a value.

Whitewash is a good fire retarder and makes an unsightly fence look respectable.

Every available space that will grow things should be put into vegetables. Every vegetable that matures is that much off the high cost of living.

After you have cleaned up your premises, help your neighbor. He may not know how.

A bushel of potatoes is much more valuable than an ash pile. After you have cleaned up your place, keep it clean.

Frown on Cuddling.

At Scarborough, England, during an application to the licensing justice for cinema licenses, it was stated that when the justices visited the Palladium they saw some young couple cuddling. Mr. Gerald Standing, the manager, said he had not seen it. The chief constable asked him if he knew that locally 42 settlers in one part of the building which seated two people each were known as the "cuddling chairs." Mr. Standing said he had not heard it, and that he had seen no kissing and cuddling. The license was granted on the court's being given to understand that more lights would be installed and the settees divided to prevent cuddling.

Believe It or Not.

He was a stranger to the ways of a city and made his way about with difficulty. He entered a large department store and was standing near the elevator when he heard the man directing the running of the elevators say: "Take the elevator to the right. It will take you anywhere."

So the stranger entered the elevator with the assertion: "I wish to go to the terminal station."

"Take the next car," came the quiet rejoinder.

That's More Than Some Do.

"Wherever told you you could play golf?" sneered the expert.

"Who? Me?" asked the novice. "The dayling said as well as any of the others, am I not?"

"Why, man alive you took 12 strokes to make the first hole!" is that what you call good playing?"

"Well, I hit the ball every time didn't I?"—Stray Stories.

Presidential Powers.

The president of the United States is by Article II, Section II of the Constitution, commander-in-chief of the army and navy and of the militia of the several states when called into the actual service of the United States. Under his general power as commander-in-chief he can order the army and navy anywhere he will, when necessary, to protect the rights of American citizens and their property, or to see that the laws are executed faithfully.

Careful Mothers Insist on Foleys.

Foley's Honey and Tar Compound has been used in so many homes for so many years that mothers everywhere know that this standard family medicine contains no opiates or other ingredients that are injurious to children or adults. Children like it and it does them good. For coughs, colds, croup, whooping cough, H. P. Duun.

NORTHWEST NEWS

Republican Convention Meet Today. St. Paul May 5—Republicans in every county of the state were picking delegates to the state elimination convention today.

In all 1,191 delegates were to be selected. In most counties the conventions did not meet until afternoon. A majority of the counties are expected to see an uninstructed delegation to the state convention which meets in St. Paul next Saturday.

Hennepin county will have the biggest delegation in the convention, with 129 to be named today. St. Paul's delegation will number 45 and the St. Louis county delegation, including Duluth, will number 48. Other counties are apportioned representation as follows:

Aitkin 9, Anoka 11, Becker 11, Benton 9, Big Stone 9, Blue Earth 15, Brown, Carlton and Carver 9 each, Cass 10, Chippewa 9, Chisago and Clay 10 each, Clearwater 7, Cook 6, Cottonwood 10, Crow Wing 14, Dakota 12, Dodge and Douglas 10 each, Faribault 15, Fillmore 18, Freeborn 15, Goodhue 17, Grant 9, Houston 12, Hubbard and Isanti 8 each, Itasca 12, Jackson 11, Kennebec 8, Kandiyohi 11, Kittson and Koochiching 7 each, Lac Qui Parle 11, Lake 7, LeSueur 11, Lincoln 9, Lyons, 12, Mahanomen 7, McLeod 12, Marshall 10, Martin 14, Meeker 11, Miller 10, Morrison 11, Mower 14, Murray 10, Nicollet 9, Nobles 11, Norman 9, Olmstead 15, Ottertail 18, Pennington 7, Pine 11, Pipestone 9, Polk 14, Pope 10, Red Lake 6, Redwood 12, Renville 13, Rice 15, Rock 10, Roseau 7, Scott 8, Sherburne 9, Sibley 9, Stearns 16, Steele 12, Stevens 8, Swift 9, Todd 12, Traverse 8, Wadena 11, Wadena 8, Waseca 10, Washburn 11, Watonwan 10, Wilkin 8, Winona 16, Wright 15 and Yellow Medicine 16.

School Courts Instituted.

Fargo, May 5—A method of handling youthful offenders without contaminating their names with the disgrace of criminal courts and prison has been devised by District Judge A. T. Cole in a "students court" recently organized here. The officers of the court consist of representatives of the high school, Fargo College, the agricultural college and the various business colleges of the city.

This court will handle minor offenses. In instructing the court, Judge Cole advised them to use "common sense" rather than to seek to follow legal procedure. Police and sheriff will call the court into session when its services are needed. Records will be destroyed as soon as the case to which they pertain has been disposed of and nothing of youthful delinquency will remain to hurt the offender in after life.

Motor Boats for Game Wardens. St. Paul, May 5—Poachers in the

Major-Gen. George O. Squier

Major-General Squier, already notable for his work in the U. S. Signal Service, predicts ocean telephony by means of a bare wire on the ocean's "wet" along and outside of which wireless impulses may be sent. The principle has already been demonstrated over land.

Driver will have to hustle to escape game wardens in the future.

Carlos Avery state game and fish commissioner today announced that the department has purchased high speed motor boats for use of the agents of the commission in preventing illegal fishing in those waters.

Mr. Avery said that on the Canadian side high powered boats have been used for some time, the result has been that illegal fishing has been more or less successful on the American side because the boats used by the Minnesota department were too slow. The boats will be located at Warroad and International Falls.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being great. Catarrh requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for a list of testimonials.

Paint Insurance

Foresighted property owners increase the amount of fire insurance on their buildings to cover the increased cost of replacing them in case of destruction by fire. The annual destruction in value of property by the elements of nature far exceeds the loss by fire and it is more essential than ever before to insure the preservation of your buildings by keeping them well painted.

Protect Your Property Efficiently by Using

Minnesota Paints

They afford the utmost protection and the safest insurance against decay. Their ingredients—pure carbonate of lead, oxide of zinc and our linseed oil—makes a metallic coating that efficiently protects the surface from the ravages of the weather. When you buy Minnesota Paints you may be sure that you are getting the best that can be made and full value for every penny invested.

"There's a Special Minnesota Paint for Every Paintable Surface—Inside or Out" FOR SALE BY

BRAINERD HARDWARE CO.

Buy Your Coal Direct From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 445 Como Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.

Jud Tunkins. Jud Tunkins says a man is known sometimes by the company he keeps and other times by the company he keeps loose from.

Local Manager Wanted

Unusual Opportunity For Right Man

A large brokerage firm doing a successful business with well-rated concerns throughout the country, wants a capable man at once to develop and handle their local business.

The opportunity is an unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes more firmly established locally.

The position requires a man possessing executive and sales ability, experience and having commercial, banking connections, although no investment is necessary. He may devote only a portion of his time to the business at first if desired, though we prefer a man who is able and willing to give the business his entire time and best efforts.

The local branch should pay from \$2500 to \$10,000 the first year, according to population and the ability of the manager, as the commodity which we handle is a staple, always in demand, and which our large buying facilities permit us to sell at less than average market prices.

Owing to the demand, we must fill this position at once. Send your application to Bernice Coal Co., 885 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.

Have You Made Your Mother's Dreams Come True? Are You the Strong, Successful Iron Man She Expected You To Be?

or are Worried, Work and Ill-Health Sapping the Iron From Your Blood and Robbing You of the Prizes that Come With Health and Success? Physician Explains Why So Many Men of To-day Need the Help of NUXATED IRON TO BUILD RED BLOOD That Gives Courage and Power To Go In and Win.

Every mother has dreams for her son. And whether it be the mother of the prize-fighter or the statesman, she is equally proud when HE wins. She thinks of HER struggle from the very start to nourish the tiny babe into rugged boyhood—then to build up his health, brain and brawn to fight the battles of young manhood. She did HER best to teach him what health and strength meant in the race for success, and the boy who was able to hold fast to her teachings is today in a position of power.

But there are thousands whose lives for their mother is just as deep—thousands who wear the white carnation on Mothers' Day—thousands who were told to write home—YET they would hesitate to answer the question, "Have You Made Your Mother's Dreams Come True?"—simply because in the mad rush for the Success which they know would make HER proud, they have slipped up on one point. They have neglected her old, trusted words: "Look to Your Health First, My Boy." In pushing their mental energies to the limit without the physical strength to back them up, they have allowed worry, work and ill-health to sap the iron from their blood and leave them weak, nervous and run-down. These men are as anxious to get ahead as anyone else, but they do not realize that iron is absolutely essential to the greatest development of physical and mental power. But in the wear and tear of modern day life when their forces are constantly drawn upon, they are without the sustaining strength produced by the nourishing foods and outdoor sports of boyhood days that kept up the supply of iron in their blood. Unless they supply this iron deficiency, they cannot hope to have the rich, red blood that sends fires of energy through body and brain and makes men not afraid. Yet, to take the wrong form of iron may prove worse than useless and therefore physicians have explained why they prescribe only organic iron—Nuxated Iron—for red blood, strength and endurance.

"It is the men of blood and iron who will forge ahead in the business and political life of the country today," says Dr. T. Alphonso Wallace, a physician of many years' experience and formerly of the British Naval Medical Service. "Without iron there can be no strong, re-built men, and unless this strength-giving iron is obtained from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. For this purpose I always recommend organic iron—Nuxated Iron—which by enriching the blood and creating new blood cells, strengthens the nerves, rebuilds the weakened tissues and helps to furnish renewed energy into the whole system whether a person is young or old. In my opinion, Nuxated Iron is the most valuable tonic, strength and blood-builder any physician can prescribe."

Dr. John J. Van Horna, formerly Medical Inspector and Chief Physician on the Board of Health of New York City, says: "To help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that

Every Man Who Feels the Thrill of Mother Love Owe it to Himself to Read the Accompanying Article.

Physicians should, at every opportunity prescribe organic iron—Nuxated Iron—for its experience it is one of the best tonic and red blood builders known to medical science. No matter what other tonic or iron remedy you have used, without success—if you are not strong or well, you owe it up yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained. Nuxated Iron will increase the strength, power and endurance of fatigue, nervous, run-down people in two weeks' time in many instances. Manufactured by Nuxated Iron Co., which is provided and recommended by 25 doctors and 1000 patients, it is a tonic, restorer, and a health builder. It is the only organic iron that is easily absorbed and assimilated. It is the only organic iron that is not a poison. It is the only organic iron that is not a drug. It is the only organic iron that is not a habit. It is the only organic iron that is not a disease. It is the only organic iron that is not a death. It is the only organic iron that is not a hell. It is the only organic iron that is not a sin. It is the only organic iron that is not a curse. It is the only organic iron that is not a punishment. It is the only organic iron that is not a reward. It is the only organic iron that is not a prize. It is the only organic iron that is not a trophy. It is the only organic iron that is not a medal. It is the only organic iron that is not a diploma. It is the only organic iron that is not a certificate. It is the only organic iron that is not a degree. It is the only organic iron that is not a title. It is the only organic iron that is not a rank. It is the only organic iron that is not a position. It is the only organic iron that is not a power. It is the only organic iron that is not a wealth. It is the only organic iron that is not a success. It is the only organic iron that is not a happiness. It is the only organic iron that is not a peace. It is the only organic iron that is not a joy. It is the only organic iron that is not a love. It is the only organic iron that is not a life. It is the only organic iron that is not a death. It is the only organic iron that is not a hell. It is the only organic iron that is not a sin. It is the only organic iron that is not a curse. It is the only organic iron that is not a punishment. It is the only organic iron that is not a reward. It is the only organic iron that is not a prize. It is the only organic iron that is not a trophy. It is the only organic iron that is not a medal. It is the only organic iron that is not a diploma. It is the only organic iron that is not a certificate. It is the only organic iron that is not a degree. It is the only organic iron that is not a title. It is the only organic iron that is not a rank. It is the only organic iron that is not a position. It is the only organic iron that is not a power. It is the only organic iron that is not a wealth. It is the only organic iron that is not a success. It is the only organic iron that is not a happiness. It is the only organic iron that is not a peace. It is the only organic iron that is not a joy. It is the only organic iron that is not a sin. It is the only organic iron that is not a curse. It is the only organic

Before the first Brunswick Tire was ever built, we analyzed and tested over 200 tires.

Since 1845 the name of Brunswick has stood for superlative values and fair-dealing.

Tires Differ As Policies Differ

Some Remarkable Facts About Brunswicks

THERE is nothing to prevent any maker from producing a super-tire. All formulas, all methods are well known in the industry. A perfect tire is simply a question of care and skill and cost. These facts can be verified by testing 200 types of high-grade tires and analyzing their materials and construction—as the Brunswick laboratories have done.

In a super-tire, such as The Brunswick, there can be nothing exclusive. Because such a tire must be a composite of all that is best. No one feature must overshadow others.

In Brunswick Tires, for instance, we have included that familiar formula, long in use, which makes the best tire tread that's known.

And there's a certain type of fabric which, by test, is stronger than all others. Naturally it is in The Brunswick.

To attain the utmost in tire mileage there are certain reinforcements—certain extras. We have adopted all.

To combat the commonest tire troubles, we have adopted the approved side-wall construction, long tested.

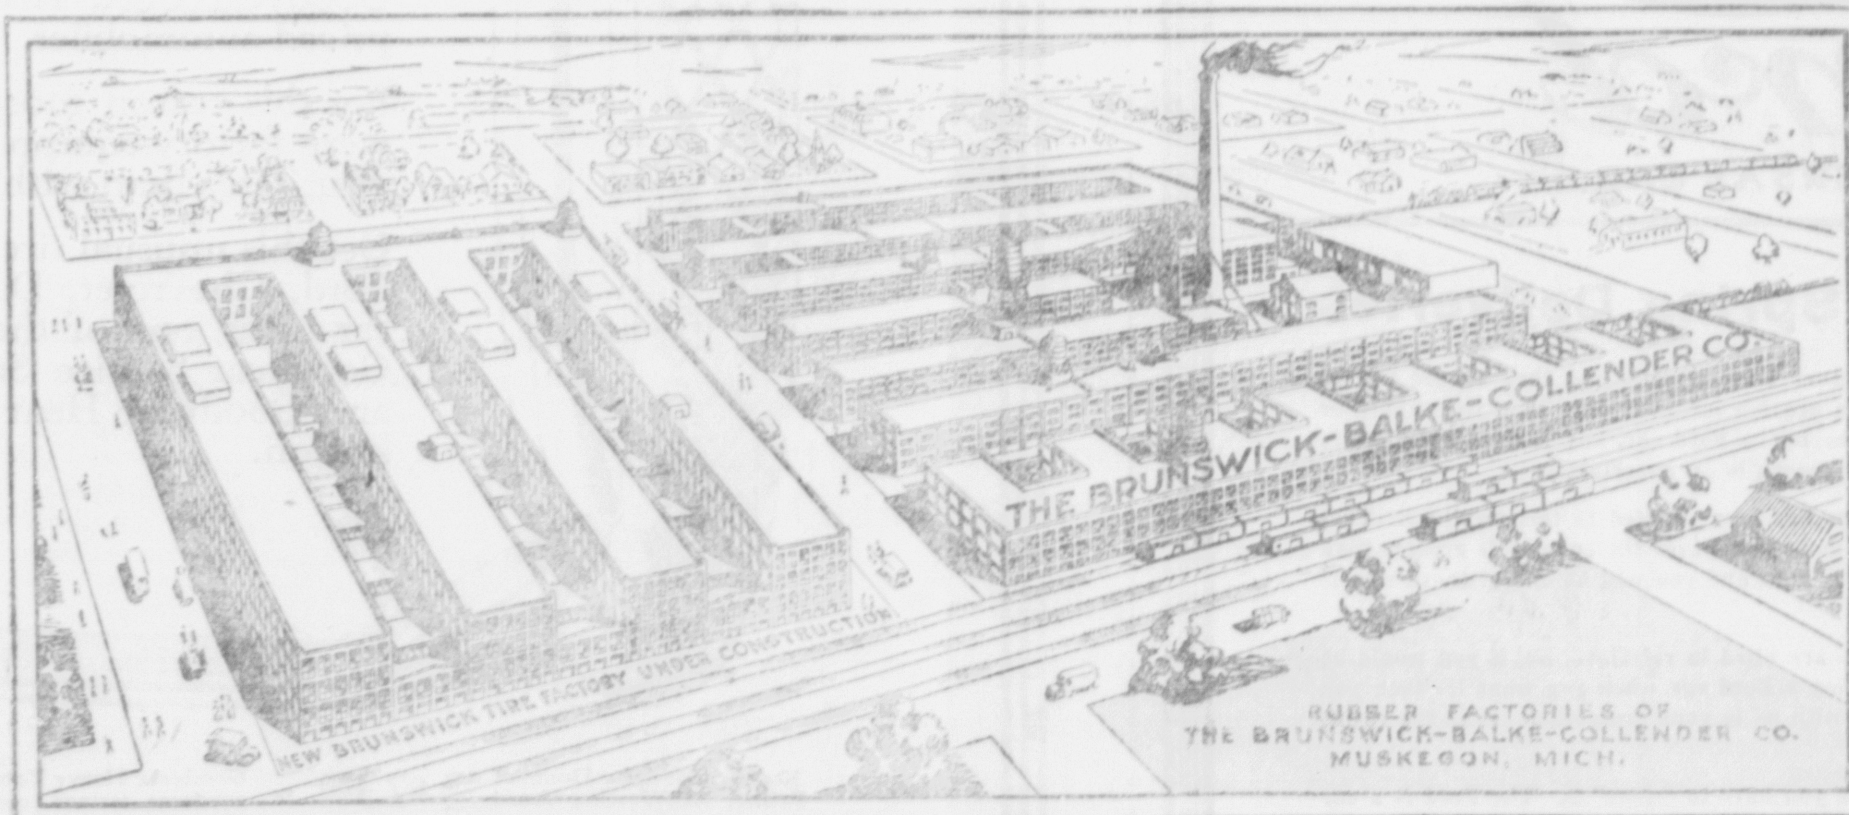

In other words, The Brunswick brings you a combination of supremacies, such as were never possible before.

In attaining a tire worthy of the name of Brunswick we were convinced that it depended chiefly on policies and standards, on prejudices and knowledge. Brunswick Standards are known the world around. For 74 years the House of Brunswick has made only products of the highest grade.

Every Brunswick product has attained and held supremacy. The name always insures superlative values. To build a mediocre tire would be unthinkable for such a concern, jealous of its long-standing reputation.

Brunswick TIRES AND TUBES

*Sold On An Unlimited Mileage
Guarantee Basis*

The Brunswick idea is to give all that is possible, all that anyone can give—all that any factory cost can buy.

The result is a tire that is winning friends the nation over. In The Brunswick motorists expect the utmost—and get it. Never has a tire had greater appeal to the man who appreciates real merit.

Try one Brunswick. See if you agree with others that here is more for your money. One Brunswick, we are certain, will convince you that you'll never be satisfied until you have all Brunswicks.

POSITIONS FOR SERVICE MEN

**BARs ARE LOWERED FOR THOSE
WHO SEEK EMPLOYMENT BY
THE GOVERNMENT.**

CIVIL SERVICE BODY RULES

**War Department Is Leading the Way
in Getting Places for Partly Dis-
abled Former Fighters on Equal
Basis With Uninjured.**

By JAMES P. HORNADAY.

Washington.—Thus far only a limited number of service men have obtained positions in the executive department of the government. Recently the civil service commission has been receiving many inquiries as to the situation with respect to the employment of men who served in the world war. In replying to the commission is calling attention to the fact that in July, last year, congress passed an act which provides that "hereafter in making appointments to clerical and other positions in the executive branch of the government in the District of Columbia or elsewhere, preference shall be given to honorably discharged soldiers, sailors and marines, and widows of such and to the wives of injured soldiers, sailors and marines who themselves are not qualified but whose wives are qualified to hold such positions."

This law, it is pointed out, does not exempt those entitled to its benefits from the usual examinations. The civil service commission has, however, laid down the rule that those persons favored by the July, 1919, legislation shall be required to attain an average percentage of only 65 in order to become eligible for appointment, while persons not entitled to preference under the statute are required to attain an average percentage of at least 70.

Favored in Many Ways.

Service men have also been released from all age limitations; they have been released from all height and weight requirements except for positions of guard and watchman; they will be certified for appointment in the departmental service at Washington without regard to the apportionment of appointments among the states on the basis of population, although they must prove their residence and domicile as required by law, and after attaining eligibility through examination they will have their names placed on the register in the order of their grades ahead of those not entitled to preference under the statute.

The civil service commission, as well as the heads of the various departments, believe that under such favorable circumstances it will not be many years until the clerical forces of the government will largely be made up of service men, or the wives of injured soldiers, sailors and marines who themselves are not qualified to hold the positions.

The war department has been a little more active than any of the other departments in opening the way for the employment of service men. Secretary Baker announced the other day that that department was now ready to co-operate with the federal board of vocational education and the civil service commission in an effort to fa-

ilitate in every way possible the employment in the department, in the District of Columbia and elsewhere of partially disabled soldiers on an equal basis with those who have not sustained physical injury. The department has decided that for all positions the following named physical defects will be barred from examination: Insanity, seriously defective sight of both eyes which cannot be corrected by glasses, uncompensated valvular disease of the heart, paralysis, transmissible disease where it is evident that the applicant is a menace to others.

Defects That Do Not Bar Men.

The following named physical defects will not bar honorably discharged soldiers from examination for positions in the war department, Secretary Baker announces, but may prevent appointment to a particular position: Paralysis not serious in degree, loss of both arms or both legs, loss of arm and leg, badly crippled or deformed arms, feet or legs, locomotor ataxia, cancer, Bright's disease, diabetes, defective hearing. In the case of examination in which physical ability is a ratable element, such as an examination for mechanical trades and similar positions, honorably discharged soldiers who are not absolutely barred by one or more of the barring physical defects mentioned will be admitted and will be given an eligible rating in the subject of physical ability. All height and weight requirements will be omitted for all persons entitled to preference in appointments on account of military or naval service, except in the case of applicants for positions of watchman and guard.

The positions in the war department in which partially disabled soldiers may be employed are those of stenographer-typist, typist, clerk, file clerk, messenger, watchman, multigraph operator, mimeograph operator, blue-printer, skilled laborer, foreman of laborers, packer, sign painter, electrician, carpenter, painter, checker, elevator operator, storekeeper, timekeeper and the like.

Today's worry is apt to be the result of yesterday's blunder.

NOT DESERT LAND

Lower California Has Much Fertile Soil.

**Really a Region of Great Resources
That Only Await Development, Ac-
cording to Writer in Los
Angeles Newspaper.**

Lower California is an expansive region that has never been well known and has long been misunderstood. Even we of Upper California, despite our close proximity, know little of the peninsula except its extreme northern part, writes Arthur Berg, in the Los Angeles Times. Few of us realize that it is not an utterly barren waste; that it is a tropical country with a salubrious climate and many regions of luxuriant vegetation; that its northern and southern parts are utterly unlike one another, and that rich resources abound that are only waiting to be developed.

Despite its jagged, barren heights and cactus-clad mesas, which glow in the fiery rays of an unobscured sun, it was a land rich in history when the timbers of the Mayflower were yet trees in the forest. Once sought and guarded for her ores and her jewels,

♦ English Collegiate Star Runner ♦

H. Jappe, champion of Oxford and Cambridge, came to the United States to compete in the hurdles at the Pennsylvania University relay races held last week.

This peninsula, which to the Spanish conquistadores was an island glittering in the azure web of romance, a land for which the padres gave their lives in fanatic devotion to the cross, now lies practically unnoticed, its romance and history forgotten, and its possibilities, if not overlooked, at least neglected.

Between 1527 and 1532 Hernando Cortez sent four expeditions on voyages of discovery up the west coast of Mexico, but the first three accomplished nothing and the fourth failed to return. Finally, in 1533, Lower California was discovered by Nunez, who anchored in the bay of Santa Cruz (now La Paz). Later Cortez himself visited Santa Cruz and secured a quantity of pearls and Indian slaves. In 1539 Francisco de Ulloa sailed up the Gulf of California and discovered the mouth of the Colorado

river. In spite of this discovery, Lower California was known as an island for more than 100 years and appeared on European maps as an island up to as late as 1748.

All attempts of Spain to colonize the California peninsula ended in disastrous failures until the task was delegated to the Jesuits, or Company of Jesus, in 1697. These Jesuit missionary priests were possessed of the tact of the French explorers, the persistency of the English colonial settlers and the bravery of the American frontiersman.

Padre Salvatierra made the first mission settlement in Lower California on October 15, 1697, at the bay of San Bruno, on the east coast. For 70 years thereafter the Jesuits controlled the peninsula, and those 70 years represented the era of Lower California's greatest activity and greatest prosperity.

During their sojourn the Jesuits charted the east coast, explored the east and west coasts the islands adjacent thereto and the interior in a manner that has never been excelled; founded 23 missions, of which 14 proved to be successful; formulated a system of mission life never thereafter surpassed; not only instructed the Indians in religious matters, but taught them many useful arts as well; cultivated and planted the arable lands and inaugurated a system of irrigation which, had they been given time for a more northerly advance, would have given Upper California a marvelous agricultural development early in the nineteenth century.

The establishment of the mission in Upper California was a much easier task than that which the hardy Jesuit priests faced and conquered in Lower California.

Cost of Producing a Diamond.

To produce a diamond in the rough costs approximately \$7 a karat, according to estimates of various students of the diamond industry. If this diamond properly cut were sold at \$30, it would net a good profit. In the South African mines it is said the diamonds are distributed so evenly that 100 tons of the bluish clay yields about 100 karats of diamonds. The production cost of a five-karat diamond is \$25. If it is flawless and of good water it will easily net \$3,500. The supply of diamonds is unlimited. Almost all of the world's supply comes from South Africa and complete control of it is in the hands of one British concern.

HAVE COLOR IN CHEEKS

**Be Better Looking—Take
Olive Tablets**

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

ACID IN STOMACH SOURS THE FOOD

**Says Excess of Hydrochloric Acid
is Cause of Indigestion.**

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making miasms, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

The Peak of Tube Perfection—Goodyear Heavy Tourist

Unusual Value—In Tires for the Smaller Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3, 30x3 1/2 and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50
30x3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag..... \$4.50

GOODYEAR

Ford
THE UNIVERSAL CAR

Don't Depend On Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, buy it now while deliveries are possible. Don't wait—Even next month is an uncertainty.

Only a limited, specified number of cars has been allotted to this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford Car now, and use it now.

TOURISTS TO BOOST ST. PAUL PRODUCTS

S. P. A. Trade Special, Leaving May 24, Will Cover Northern Minnesota

19 PIECE BAND WITH THEM
Moving Pictures to be Made at Brainerd by St. Paul Boosters

St. Paul manufacturers and jobbers will laud St. Paul products to more than 180,000 Minnesota residents during the trade tour trip, May 24 to 29, of the jobbing subdivision of the St. Paul Association.

The trade tour is an annual affair, its purpose being to bring St. Paul manufacturers and jobbers into closer contact with their customers throughout the state.

Will Carry Band
A nineteen piece band and moving pictures will be taken by the boosters on the trip as an added feature. The tour will be made on a special train. Seventy-three towns will be visited.

Those on the committee which arranged the tour are: George Ekstrand, Elliott Hensel, Samuel King, H. J. Lehr, A. W. Logan, F. L. Williams, Lee Warner, R. P. Warner and R. E. Hilton, industrial commissioner of the Association secretary.

The tour will extend from St. Paul to Fergus Falls, to Brainerd, to Cloquet, to Hibbing, and will cover virtually the entire Vermillion and Mesaba iron ranges.

Towns to be Visited
The itinerary includes St. Cloud, St. Joseph, Albany, Melrose, Sauk Center, West Union, Osakis, Nelson, Alexandria, Garfield, Brandon, Melby, Ashby, Dalton, Fergus Falls, Underwood, Battle Creek, Clitherall, Vining, Hennink, Deer Creek, Wadena, Verndale, Staples, Motley, Pillager, Brainerd, Deerwood, Crosby, Cuyuna, Aitkin, McGregor, Tamarack, Wright, Cromwell, Carlton, Cloquet, Floodwell, Grand Rapids, Coleraine, Beve, Marble, Calumet, Nashwan, Keewatin, Kelli, Lake, Hibbing, Chisholm, Buhl, Winton, Ely, Tower, Aurora, Biwabik, McKinley, Gilbert, Eveleth, Virginia, Cohasset, Deer River, Ball Club, Bona, Cass Lake, Farris, Bemidji, La Porte, Walker, Hackensack, Backus, Pine River, Pequot and Little Falls.

FUNERAL ON THURSDAY
Remains of Ferdinand Liners Have Arrived from North Yakima—Elks Pallbearers

The remains of Ferdinand Liners arrived Wednesday morning from North Yakima, Wash., and are now at the B. C. McNamara chapel where they may be viewed until the hour of the funeral.

Mr. Liners was a member of the North Yakima Elks. A large and beautiful floral design from North Yakima Lodge No. 318, a clock and the figures 11 being worked out in flowers, accompanied the remains. At the request of the family Brainerd Elks will be pallbearers. Elks will meet at Citizens State bank hall on Thursday morning at 8:30 o'clock to attend the funeral services which will be held at 9 o'clock at St. Francis Catholic church, requiem high mass being solemnized by Rev. Father J. J. O'Mahoney.

BIG OPERA COMING
"The Chocolate Soldier" Comic Opera and Symphony Orchestra Book-ed for Brainerd

That Brainerd receives the best in the musical world is further exemplified by the booking for the New Park theatre at Brainerd made by F. S. Workman this morning.

"The Chocolate Soldier" opera company and symphony orchestra will play in Brainerd Thursday evening, May 27. There are 50 people in the show and the singing, scenery and music is something superb. Brainerd expects a large attendance from range and countryside within 30 miles from Brainerd.

Roads are daily improving and many automobile theatre parties will be formed to attend the "Chocolate Soldier".

NOTICE ELKS
Brother Elks of Brainerd Lodge No. 615 are asked to meet at Citizens State bank hall Thursday morning, May 6, at 8:30 o'clock to attend the funeral of Brother Ferdinand Liners of North Yakima, Wash.

BUSINESS METHODS DISCUSSED IN LECTURE

More than 200 Merchants and Salespeople Present at Chamber of Commerce Meeting

BUSINESS LUNCHEON SERVED

During His Talk G. W. Sulley Laid Emphasis on Value of Newspaper Advertising

More than 200 merchants and salespeople were present at the Chamber of Commerce Tuesday night, when G. W. Sulley, expert lecturer of the National Cash Register company of Dayton, Ohio, gave an interesting and educational talk on retail merchandising methods. By means of stereopticon slides and motion pictures, the lecturer depicted the troubles of the retail merchant, and showed how to remedy them in a graphic manner.

"Last year alone 9,430 merchants failed; 49 every business day; one every fifteen minutes," Mr. Sulley said. Analyzing the causes of these failures, he demonstrated the fact that the great majority occurred because of inefficient business methods.

During his talk, Mr. Sulley laid emphasis on the value of newspaper advertising to the retail merchant. He said in part: "Except for the small store in an outlying district of a large city, more people can be reached of ten and at less expense by newspaper advertising than by any other medium. But don't spend a few dollars advertising, and then say advertising doesn't pay. Make advertising a continuous policy of your store, and you will not be disappointed with results." Preparation of copy for advertising, and how to secure best results, were also discussed.

Window display was also touched on by Mr. Sulley and the solution of delivery problems, perfection of a store organization, and other interesting features were thoroughly discussed.

One of the big features of the evening was the showing of the feature film, "Troubles of a Merchant, and How to Stop Them." The film vividly described the experiences of a merchant who was struggling along trying to operate his business along out-of-date lines.

His store was located in an old-fashioned building. His windows were too high to permit proper display of merchandise. The sidewalk in front of his store was dirty, and the whole trip was unattractive. Customers passed by his door to make purchases at another store. The interior of his store was in keeping with the exterior. His goods were of good quality, but poorly displayed. His clerks were indifferent. His poor business methods cost him money every day. He was deeply in debt.

Then came a change. Through the introduction of modern business methods in the store, the tide was turned. From a failure he became a successful business man.

That the audience was keenly interested in every word of Mr. Sulley's lecture was shown by the attention given the lecturer and his pictures. A great deal of favorable comment was expressed by both merchants and sales people upon the good methods brought out which they could apply to their own business.

The high school orchestra furnished music through the first two reels of pictures showing the National Cash Register Co.'s plant and employee's facilities and the company's business methods. The orchestra also played "America" which was sung by the audience while pictures illustrating this song were shown on the screen.

The evening's program was begun with a club luncheon at 6:15. Nearly 150 were served which taxed the house and social committee's facilities to the utmost, more attending than they had planned on.

Every business house was well represented. Merchants came and in practically every case brought their sales force with them. To illustrate: there were nine from the O'Brien Mercantile Co., eight from the H. F. Michael Co., six from the Jones Dry Goods Co., seven from the Eagle Provision Co., these firms furnishing their clerks with supper tickets. The students from the Commercial College attended the lecture in a body.

From every view point this event was the most successful staged this year by the Chamber of Commerce. It assembled the business men from all walks of life, brought about a closer unity between merchants and their sales force and suggested many val-

REPUBLICANS MET IN COURT HOUSE

Named 11 Delegates to Attend the State Convention to be Held in St. Paul, May 8

UNINSTRUCTED DELEGATES

E. P. Scallon Named Chairman of Delegation—C. A. Albright County Chairman

The republican county convention was held in the district court room at the court house Wednesday afternoon. Some forty delegates were present, the range country being especially well represented.

Judge Walter F. Wieland was named chairman and Miss Annie A. Severance of Crosby secretary.

After some arguments as to the extent to which Brainerd should be represented in the county delegation, the share the range should have for its delegates and the outlying district representation, the motion carried that Brainerd have 5, the range 4 and the outlying districts 2.

The 11 delegates named were: Brainerd—R. R. Wise, C. A. Albright, Dr. J. A. Thabes, Mons Mahlum, A. G. Trommald.

Pequot—J. O. Ostby.
Lake Edward—D. D. Schrader.
Crosby—P. M. Ostrand, Wilbur Van Evera.

Ironton—E. P. Scallon, D. B. McAlpine.

E. P. Scallon was elected chairman of the state delegation, the vote standing Mr. Scallon 21, C. A. Albright 10.

C. A. Albright was named county chairman, the vote being unanimous. On motion of A. J. Halstead carried, the county chairman is to name a committee of six associates to represent the county committee.

The delegates go uninstructed, the eleven, however, are to vote on any question according to the decision of the majority of the delegates.

Judge Stanton Speaks
As the convention was held in the district court room and Judge C. W. Stanton sat in an ante-chamber waiting for the convention to finish its labors, Chairman Walter F. Wieland called on the judge for remarks.

Judge Stanton thanked the convention for the honor paid him and said he was taken by surprise. He had been elected several times judge of the district and as democrats were not in the majority in the county he knew that republicans had assisted to elect him to the bench.

He said the republicans were to name a ticket to save the state from socialism and hoped they succeeded in naming such a ticket. The situation politically was serious.

The nonpartisan league, said the judge, had in its membership men who were loyal, but the league was manipulated by certain men in the state whose efforts were not of the best and the republicans should do everything possible to prevent the nomination of a nonpartisan as a republican candidate for governor or for any other state office.

Otherwise, said he, the state would be worse off than North Dakota. Minnesota was the wealthiest state in the union. It would be a shame, said he in conclusion, to have it under control of a gang of socialists.

Judge Stanton's remarks were greeted with loud applause by the convention.

Delegates

Names as placed in nomination for the state convention were those named by caucuses which considered general fitness and then certainty of the delegate attending the convention. The idea was to send no one who would not make it a point to be present on time at St. Paul.

uable ideas for improving business conditions.

A great deal of credit is due R. B. Stitzel, acting secretary of the Chamber, for his untiring efforts in making this event the big success that it was, and also the house and social committee for the efficient way in which they handled the evening's program. It is the desire of those in charge of the program to thank the high school orchestra for the part "they played" in making the evening more enjoyable.

Pap Thomas Post

A regular meeting of Pap Thomas Post No. 39 will be held in the L. O. O. F. Hall Thursday afternoon, May 6, at 2 o'clock. Every comrade is requested to be present. Arrangements for Decoration Day are to be made.

Join the "Make It Do" Club

All persons eighteen years or over are eligible to membership in this organization which has for its object the reduction in the price of clothing. For membership card and button apply at office of Brainerd Model Laundry. No dues or membership fee.

Y. M. C. A. BOARD TO HOLD MEETING

Regular Monthly Business Meeting to Listen to Reports from Special Committees

OFFICERS ARE TO BE ELECTED

General Secretary to be Engaged—Secretary D. T. Lawrence Speaks of Conditions

The regular monthly business meeting of the Y. M. C. A. board of directors will be held Thursday evening, May 6th, at 8 o'clock. The president desires to see every member out to this meeting, as there are reports to come in from some special committees, and it is also the occasion of the election of officers for the ensuing year, and the hiring of a general secretary.

The present general secretary has worked hard in the last year to keep things together and has saved the Y between \$500 and \$600 the past year in repair work that had to be done. Had the association hired it done it might have gone a little higher, as the saks and blowouts always came after working hours, and in the middle of the night.

D. T. Lawrence says that it is a hard task where the secretary has to do all repair work just because the Y does not take hold and help support the institution as they do in other places. He is in hopes that Brainerd will have a new Y some of these days, one that every man and boy will be pleased to go to and take their friends, and enjoy a good swim in the swimming pool. There is no reason why Brainerd should not have a up to date place for Brainerd boys to go to and keep them off of the streets.

"Another thing," said Secretary Lawrence, "Our city has no place for our young ladies to go to. When we put up a new building let us put up one large enough so that we will have a Y. W. C. A. in the same building, only have a partition right down through, and let them have their rooms. Let Brainerd do herself proud in erecting a monument for the young people of our city, then our city will have a start in the right direction. LET'S BOOST."

Middies and Smocks

Are indispensable in summer whether one spends vacation days away or at home. We are showing these in Sheer Voiles, beach cloth and beautifully embroidered. Reasonably priced at \$2.50, \$5.00, \$5.25, \$6.50 and \$8.00.

H. F. Michael Co.

Non-Partisan League Meeting

A meeting of members of the Non-Partisan league was held in the Lyric theatre last Friday. Speakers were Mayor Little of Brainerd and Mr. Gardner of the same city, each of whom spoke briefly. A representative of the Minnesota Star was the principal speaker and he gave an outline of what had been done in the way of building and equipping a newspaper building and plant. He cited numerous instances in which he claimed the city papers had given out garbled news matter and stated that the reason for establishing the newspaper was to provide an organ controlled by farmers and union men—Pequot Review.

Baseball Bunts

Little Falls directors of the baseball association there refuse to pay high salaries asked by Twin City players and expect to hire their players from the big universities. College men will be favored in the team lineup. Inger Johnson has been offered the place of business manager and will be paid a salary.

WAR CALLS FOR HUGE PAYMENTS

BETWEEN TWO AND THREE MILLIONS PENSIONS FOR OUR EARLIER CONFLICTS.

WORLD WAR COST UNKNOWN

Estimates of Insurance, Vocational Education and Public Health Services for the Next Year Aggregate \$423,000,000—Warning By Cannon.

By JAMES P. HORNADAY.

Washington.—The passage of the other day by the house of representatives of the annual pension appropriation bill, the bill that makes provision for the payment of pensions chargeable to the Mexican war, the Civil war and the Spanish-American war, served to call attention to the money cost of war. That pension bill carried appropriations amounting to \$214,020,000. Legislation broadening the scope of the existing pension law which has already passed the house will, if concurred in by the senate and approved by the president, increase the above sum by \$77,500,000 making a total of \$291,520,000 chargeable to the wars prior to the recent world war.

Congress has not yet been able to gain any very definite idea as to what the world war will cost in the way of benefits as the years go on. Just now it is concerned with the appropriations that must be made for the next fiscal year. The bureau of war risk insurance estimates the amount necessary to pay compensation for death and disability for the fiscal year beginning July 1 at \$198,000,000; the federal board for vocational education estimates its expenditures for the next fiscal year at \$125,000,000, and the public health service estimates that it will be called on to expend upwards of \$100,000,000. These estimates aggregate \$423,000,000 as the amount that will be required to discharge the obligations of the government to the survivors of the war with Germany during the next year.

Boys Would Add Two Billions.

This estimate with which the appropriation committee is now dealing does not take into account bonus legislation. If bonus legislation of the kind that has been proposed is enacted it will call for an expenditure of upwards of \$2,000,000,000. That legislation, if enacted will, of course, be regarded as special; it will call for one payment only and the money will have to be raised through special taxation of some sort.

Joseph G. Cannon, the veteran member of the house from Illinois, in presenting the regular pension bill to the house reminded the legislators that the government must not fail to give proper attention to the financial demand that will be made on it for years to come as a result of the world war. He reminded his fellow congressmen that in the year 1918, according to the surgeon general of the army, there were 2,422,362 admissions to the hospitals for disease, 182,789 admissions for ordinary injuries and 277,855 admissions for battle injuries. Here, he pointed out, were nearly 3,000,000 admissions to the army hospitals in the year 1918, and while some were no doubt duplications, no one could accurately estimate how many of these men with hospital records may be found, totally or partially disabled and the cause traced to their war service. He pointed out that congress had already enacted a law and created machinery to meet any developments and the thing he would impress on the legislators was that they would have to be prepared to appropriate the necessary money to meet the estimates when they come from the various bureaus of the government in charge of the machinery to care for the survivors of the war.

Billion a Year in Ten Years.

The venerable representative expressed the opinion that within ten years congress would have to appropriate a billion dollars a year to discharge its financial obligations to the survivors of all our wars. "It is a big obligation," said Mr. Cannon, "but one that the government has already accepted. I call attention to the situation so that no one in the country need deceive himself as to the obligations we will have to meet in the future."

Plans for combining the various relief methods or pension systems are being considered by the appropriations committees. It is generally assumed that it is only a question of time until the pension bureau which now handles all pensions growing out of wars prior to 1917 will take over or be combined with the war risk bureau which at this time is serving the survivors of the world war. The tentative plans provide also that the vocational educational work carried on for the benefit of men who were injured in the world war shall be taken over by the bureau that handles the pension business. There is also a demand that the activity of the public health service in connection with future war relief be carried on by the one head.

The ways and means committee is also giving thought to a suggestion that as soon as possible some permanent plan be worked out for raising money with which to meet the enormous money obligations growing out of the world war.

WORK TWO MONTHS IN YEAR

Colony of Spiders May Be Thought to Have an Easy Time, But They Don't.

In Hoboken, N. J., in a large surveying instrument factory, there is a colony of 200 workmen who never receive wages, yet who are perfectly content. They toil from early in the morning until late at night, and their only recompense is a house fly or two apiece during the day. They are spiders—large, black, energetic spiders—and they comprise probably the most indispensable part of the entire working force. It is their duty to spin the thread that is used for cross hairs in surveying instruments. During the two months of the year when they work they produce thousands of yards of the almost invisible but invaluable fiber.

The spider colony works only during August and September. A strike among them may sound amusing to the reader, but it is really a serious matter. For the purpose of urging the little workmen to their tasks four girls, trained to expertise in their unusual duties, are employed; it is their task to coax the spiders to work whenever they show signs of reluctance.

Coaxing the spiders really means irritating them. The girl places one on her hand and pats or taps it until it turns toward the ground, leaving one

end of its thread behind. Before the spider can reach the ground the girl quickly attaches the thread to a wire whirling frame, which she revolves in her hands. As the spider struggles to reach the ground she continues to wind, and in that way sometimes gets several hundred feet of thread from a single spider.

GOT REAL "DIGGER" WELCOME

General Birdwood's Popularity in Australia Thoroughly Attested by a Recent Happening.

General Birdwood occupies a unique place in the heart of the Australian soldier, who remembers Gallipoli and France and has a hundred stories to tell of the general's unexpected appearances in "shorts" on some hot battle front. Being a democrat, the Australian crowned the object of his reverence, when he reached Melbourne, with the slouch hat of the "digger," and then carried the general shoulder-high through heavy rain to an improvised platform. Perhaps the nearest acknowledgment of the general's thanks came from a digger in the domain. General Birdwood told the assembled soldiers in Victoria that when he arrived in western Australia, the first thing he received was a cartoon drawn by one of the lads of the Twenty-eighth battalion. "It showed a great, big digger hand held out in welcome," said General Birdwood.

proudly. Before he could continue, a rain-drenched digger remarked: "The other hand is here in Melbourne."

Wonderful Swinging Monument.

Gently swaying to and fro, a huge granite monolith forming a unique natural monument has been discovered on Green Mountain, several miles north of Canon City, Colo. It is believed to be the only "swinging monument" in the world.

The shaft is more than 100 feet high and in the course of many years has become free from all surrounding earth formation except at the base, which is about 12 feet wide. In the center the granite column is about 50 feet in thickness and tapers off to a width at the summit practically the same as at the base.

The entire shaft moves probably from two to three feet at the apex, and the swing is constant under the pressure of light winds. The base of the shaft rests in a small hollow about three feet in depth, and the contiguous granite formation has been entirely disconnected.

Strong Wind at High Altitude.

Altitude flights by army aviators have shown the existence, at a height of 25,000 feet or more above the earth, of a strong west wind, whose velocity is estimated at perhaps 175 miles per hour. These flights also have shown that there is not a continuous reduction in temperature as altitude in-

creases. The flights have tested a supercharger, which is expected to be of considerable military and commercial value. For military purposes its use will be to increase greatly the speed of airplanes at altitudes. For commercial purposes, it is said that the supercharger will enable heavy passenger or express carrying airplanes to climb over the highest mountains with the use of comparatively low powered and low priced engines.

Surprised a Stranger.

My girl chum always rode out on the train at night with the fellow to whom she was engaged. One night as I was walking through the cars I thought I saw him sitting alone, so I took the bunch of dowers I had in my hand and, sticking them in his face, said: "What are you riding all alone for?" I can frankly say that my most embarrassing moment occurred when I found myself looking into the surprised face of an entirely strange man.—Exchange.

Hours of Labor.

"You seem tired," admitted the student of economics. "I have been rising at 6 in the morning and working till midnight on a series of speeches to prove that six hours' work a day is enough for any man."

COMMON WITCHHAZEL FOR SORE EYES

It is surprising how quickly eye inflammation is helped by common witchhazel, camphor, hydrastis, etc., as talked in Lavoptik eye wash. One elderly lady, who had been troubled with chronic eye inflammation for many years, was greatly helped in a few days. We guarantee a small bottle of Lavoptik to help ANY CASE weak strained or inflamed eyes. Aluminum eye cup FREE. H. P. Dunn, druggist. —Adv.

Ten miles used to be a long way

WHAT a difference in these motor-car days, when every point in the country is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out how much it is costing them to keep a car. And the man who is doing the greatest amount of figuring is the man with the moderate-price car.

There still seems to be a notion in some quarters that any tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see his side of the propo-

sition—finding out what he wants in a tire and giving him that.

Large or small, U. S. Tires are built to only one standard of quality—the standard that produced the first straight side automobile tire, the first pneumatic truck tire.

Every tire that bears the name "U. S." is built the best way its makers know how. It isn't the car, but the man who owns the car, that counts with the oldest and largest rubber concern in the world.

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

United States Tires

WOODHEAD MOTOR CO., Brainerd, Minn.
MURPHY AUTO Co., Ironton, Minn.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cord.

ROYAL CORD—ROBBY—CHAIN—USCO—PLAIN
